

6FX1128-1BB00

Industrial automation components

Manufacturer	Siemens
Catalog number	6fx1128-1bb00
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.13 kgs
Product Type	Memory PCB
Series	SINUMERIK 800
Dimensions	27 cm x 2 cm x 20 cm
Weight	0.3 kg
Manufacturer	Siemens

Description

The Siemens 6FX1128-1BB00 is a memory printed circuit board (PCB) designed for the SINUMERIK 800 series CNC systems. This module provides essential memory functions, ensuring reliable data storage and rapid access, which are critical for maintaining continuous and efficient operation in demanding industrial environments. Manufactured by Siemens, the 6FX1128-1BB00 offers seamless integration and compatibility within your production line, supporting smooth communication between system modules. Its robust build and proven performance make it a dependable solution for reducing downtime and optimizing productivity. The 6FX1128-1BB00 is available for rapid shipment, minimizing disruption to your automation processes.
