Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Connector Size	3
Series	MOTION-CONNECT 800PLUS
Certifications	UL/CSA, DESINA
Maximum Diameter	22.3 mm
Length	8 m

Description

The Siemens 6FX8002-5CX28-1AH7 is a pre-assembled power cable designed for seamless integration with SINAMICS S120 Power Modules and Motor Modules. This cable features a full-thread connector size 3, ensuring a secure and reliable connection.

It is part of the MOTION-CONNECT 800PLUS series, known for its durability and suitability for trailing applications. The cable is UL/CSA certified and complies with DESINA standards, making it ideal for industrial environments where safety and performance are paramount.

With a maximum diameter of 22.3 mm and a length of 8 meters, it offers flexibility for various installation scenarios. This product is particularly suitable for applications requiring robust and efficient power transmission between SINAMICS components and motors.
