Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Code Reader
Product Family	SIMATIC MV440
Resolution	640x480 pixels
Barcode Types	1D and 2D
Field of View	Variable
Distance	Variable
Enclosure Rating with Lens Protection	IP65
Enclosure Rating without Lens Protection	IP40

Description

The Siemens 6GF3440-0CD11 is a high-resolution code reader designed for industrial automation applications. Part of the SIMATIC MV440 series, this stationary verifier offers a resolution of 640x480 pixels, enabling precise reading of both 1D and 2D barcodes.

Its variable field of view and adjustable distance make it versatile for various scanning tasks. The device is housed in an IP65-rated enclosure when used with the optional 6GF34408AC11 lens protection, ensuring durability in demanding environments.

The package includes the reader and a CD-ROM; additional accessories such as cables, lamps, lenses, and lens protection tubes are sold separately. This model is suitable for applications requiring reliable barcode verification in industrial settings.
