Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	15-inch LCD Monitor
Product Family	SCD 1597
Display Size	15 inches
Resolution	1024x768 pixels
Frequency Range	30-97 kHz
Connector Type	15-pin D-Sub
Compliance Standards	UL 1950, IP54

Description

The Siemens 6GF6230-4MA is a high-resolution 15-inch LCD monitor from the SCD 1597 series, designed for industrial applications requiring robust performance and durability. Featuring a flush-mounted design with a high-grade steel front, it offers a sleek and sturdy build suitable for demanding environments.

The monitor supports an optimal resolution of 1024x768 pixels, ensuring clear and sharp visuals for various industrial processes. Equipped with touch functionality, it allows for intuitive interaction, enhancing user experience.

The device operates within a frequency range of 30-97 kHz, providing versatility for different industrial settings. Additionally, it meets UL1950 and IP54 standards, indicating its compliance with safety and ingress protection requirements.

The 6GF6230-4MA is part of Siemens' SCD 1597 series, known for its reliability and performance in industrial settings.
