

6RB2105-0SG00

Industrial automation components

Manufacturer	Siemens
Catalog number	6rb2105-0sg00
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	6RB2105-0SG00
Product Type	SIMODRIVE 210 DC-VSA FBG Leistungsteil
Power Capacity	5/15 A
Axes Supported	3

Description

The Siemens 6RB2105-0SG00 is a high-performance power unit from the SIMODRIVE 210 series, engineered for precision and efficiency in industrial automation applications. Designed to support up to three axes, it delivers a power capacity of 5/15 A, making it suitable for complex machinery systems requiring reliable and robust performance. Manufactured in Germany, this unit adheres to stringent quality standards, ensuring mechanical and electrical integrity. The 6RB2105-0SG00 is compatible with various Siemens drive systems, offering flexibility in integration. Its durable construction and advanced features make it a valuable component for enhancing the performance and longevity of industrial automation setups.
