Manufacturer	Siemens
Catalog number	6sc6100-dna01
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	6SC6100-DNA01
Product Type	Control Board
Product Family	SIMODRIVE 610
Application Area	Industrial Automation

Description

The Siemens 6SC6100-DNA01 is a specialized control board designed for the SIMODRIVE 610 series, offering precise analog control for AC feed drives. This component is integral to applications requiring accurate and reliable motor control, such as in industrial automation systems.

Key features include its compatibility with the SIMODRIVE 610 system, ensuring seamless integration and optimal performance. The 6SC6100-DNA01 is engineered to deliver consistent and efficient control, making it a valuable asset for enhancing the functionality and reliability of automation processes.
