

6SC6108-0SG01

Industrial automation components

Manufacturer	Siemens
Catalog number	6sc6108-0sg01
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	1.29 kgs
Current	16 A
Relay Specifications	16 A
Product Type	AC Motor Drive
Current Rating	8 A / 16 A
Axes Controlled	2
Discontinued	April 22, 2004
Axes Controlled	2 axes
Manufacturer	Siemens

Description

The Siemens 6SC6108-0SG01 is a power unit from the SIMODRIVE 610 series, designed for controlling two axes with current ratings of 8 A and 16 A. This module is integral to Siemens' AC motor drive systems, providing reliable performance for industrial automation applications. It is engineered to handle demanding tasks in machine tools, robotics, and other automation processes, ensuring precise motor control and system stability. The 6SC6108-0SG01 is recognized for its durability and efficiency, making it a preferred choice for enhancing the operational capabilities of industrial machinery. Please note that this model has been discontinued since April 22, 2004, and is no longer in production. For current applications, consider exploring Siemens' latest offerings in AC motor drives.
