

6SC6500-0UC01

Industrial automation components

Manufacturer	Siemens
Catalog number	6sc6500-0uc01
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.50 kgs
Supply Voltage	380 to 480 V
Dimensions	240 x 30 x 240 mm
Weight	0.45 kg
Discontinued Date	January 9, 2007
Product Type	SIMODRIVE 650 I/O Module
Supply Voltage	380 to 480 V
Dimensions	27 cm x 8 cm x 40 cm
Repairable	Yes

Description

The Siemens 6SC6500-0UC01 is a sophisticated input/output (I/O) module from the SIMODRIVE 650 series, designed for advanced drive systems in industrial automation. Manufactured in Germany, this module ensures high-quality performance and reliability. It operates within a supply voltage range of 380 to 480 V, making it suitable for various industrial applications. The module's dimensions are 240 mm in length, 30 mm in height, and 240 mm in width, with a weight of 0.45 kg. As of January 9, 2007, this product has been discontinued by the manufacturer. However, repair services are available, offering an economical alternative to complete replacement. For instance, UNIS Group provides repair options to extend the module's usability. This I/O module is ideal for applications requiring efficient and reliable input/output operations within drive systems.
