

6SE6400-0BP00-0AA1

Industrial automation components

Manufacturer	Siemens
Catalog number	6se6400-0bp00-0aa1
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.04 kgs
Product Type	Basic Operator Panel (BOP)
Compatible Drives	MICROMASTER 420, MICROMASTER 440
Display Type	LCD Monochrome
Protection Rating	IP20
Operating Temperature Range	-10 to 50°C
Net Weight	0.300 kg

Description

The Siemens 6SE6400-0BP00-0AA1 is a Basic Operator Panel (BOP) designed for the MICROMASTER 4 series, specifically compatible with the MICROMASTER 420 and 440 models. This operator panel provides a user-friendly interface for controlling and monitoring drive parameters, enhancing operational efficiency in industrial automation systems. Key features include an LCD monochrome display, IP20 protection rating, and compatibility with MICROMASTER 420 and 440 series drives. The panel operates within an ambient temperature range of -10 to 50°C and has a net weight of 0.300 kg. Please note that this product was discontinued on October 1, 2019, and is now classified as a spare part. For more information, refer to the official Siemens Industry Mall page.
