

6SL3120-1TE21-0AA4

Industrial automation components

Manufacturer	Siemens
Catalog number	6sl3120-1te21-0aa4
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	5.06 kgs
Current	9 A
Product Type	Drive
Industrial System	sinamics
Signal Level	600 V
Voltage	600 V
Signal Type	600
Relay Specifications	400 VAC

Description

The Siemens 6SL3120-1TE21-0AA4 is a compact single-motor module from the SINAMICS S120 series, designed for precise motor control in industrial applications. It features a DC input of 600 V and provides a 3-phase AC output of 400 V at 9 A, delivering a rated power of 4.8 kW. The module operates with internal air cooling and utilizes optimized pulse patterns, supporting extended Safety Integrated functions, including the DRIVE-CLiQ cable for enhanced connectivity. Its booksize construction allows for efficient integration into various industrial systems. Please note that this product has been discontinued, with the final year of support starting on January 18, 2021. For more information, refer to the official Siemens Industry Mall page.
