

6SN1111-0AA01-0BA1

Industrial automation components

Manufacturer	Siemens
Catalog number	6sn1111-0aa01-0ba1
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	11.11 kgs
Horsepower	21 KW
Cooling Capacity	21 kW
Product Type	Module
Weight	26.5 kg
Height	290 mm
Length	480 mm
Width	150 mm
Power Rating	16/21 kW

Description

The Siemens 6SN1111-0AA01-0BA1 is a SIMODRIVE 611 filter module designed for industrial automation applications. This module offers a power rating of 16/21 kW, providing efficient and reliable performance for various industrial systems. It features a compact design with dimensions of 290 mm in height, 480 mm in length, and 150 mm in width, making it suitable for integration into space-constrained environments. Weighing approximately 26.5 kg, it is built to withstand the demands of industrial settings. As a discontinued product, the 6SN1111-0AA01-0BA1 remains a valuable component for legacy systems, offering repairable options to extend its operational life. Its robust construction and proven performance make it a preferred choice for maintaining and upgrading existing industrial automation systems.
