

6SN1114-0NB01-0AA0

Industrial automation components

Manufacturer	Siemens
Catalog number	6sn1114-0nb01-0aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.02 kgs
Product Type	Module
Interface Type	profibus
Axes Supported	Up to 2 axes
Data Exchange Speed	Up to 12 Mbaud
Dimensions	130 mm x 60 mm x 25 mm
Weight	0.08 kg
Communication Speed	12 Mbaud
Product Series	SIMODRIVE 611 Universal

Description

The Siemens 6SN1114-0NB01-0AA0 is an option module designed for integration within the SIMODRIVE 611 U series, offering advanced motion control capabilities. This module features PROFIBUS DP communication, supporting synchronous standard slave operation for up to two axes. It enables both cyclic and acyclic data exchange at speeds up to 12 Mbaud, ensuring reliable and efficient communication in demanding industrial environments. Its robust construction and compatibility with Siemens automation systems make it suitable for use in production lines where precision and dependable data transfer are required.
