

6SN1118-0DM33-0AA0

Industrial automation components

Manufacturer	Siemens
Catalog number	6sn1118-0dm33-0aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.33 kgs
Product Type	Digital Control Loop Block
Product Family	SIMODRIVE 611
Operating Temperature Range	0°C to 55°C
Dimensions	50 mm x 120 mm x 315 mm
Weight	0.78 kg

Description

The Siemens 6SN1118-0DM33-0AA0 is a digital control loop block from the SIMODRIVE 611 series, designed for precise automation applications requiring dual-axis control. This module features a direct measuring system and supports two axes closed-loop control, making it ideal for complex automation processes. It is compatible with NC software versions from 06.04.09 onwards, ensuring seamless integration into existing systems. The unit operates within a temperature range of 0°C to 55°C, providing flexibility for various industrial environments. With a compact design, it measures 50 mm in height, 120 mm in width, and 315 mm in length, and weighs approximately 0.78 kg, facilitating easy installation and integration into existing setups.
