

6SN1118-0NJ01-0AA2

Industrial automation components

Manufacturer	Siemens
Catalog number	6sn1118-0nj01-0aa2
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.50 kgs
Product Type	1-Axis Control Loop Module
Series	SIMODRIVE 611 U HRS2
Optional Interfaces	PROFIBUS DP, RS 232/485
Repair Services Available	Yes
Product Family	SIMODRIVE 611 U HRS2
Manufacturer	Siemens
Control Type	1-Axis Control Loop
Feedback Type	Resolver
Expandability	Expandable by Options
Phase-Out Date	April 21, 2015
Repair Service Availability	Available
Manufacturing Country	Germany

Description

The Siemens 6SN1118-0NJ01-0AA2 is a 1-axis control loop module from the SIMODRIVE 611 U HRS2 series, designed for precise speed and torque control in industrial automation applications. Manufactured in Germany, this module features a resolver for accurate position feedback and is expandable with optional interfaces such as PROFIBUS DP and RS 232/485, enhancing its versatility in various automation systems. Despite its phase-out on April 21, 2015, the 6SN1118-0NJ01-0AA2 remains a viable option through repair services, offering a cost-effective and sustainable solution for extending the lifespan of existing systems. UNIS Group provides comprehensive repair services for this module, ensuring continued performance and reliability. The module has a weight of 1.00 kg, facilitating easy integration into existing setups.
