

6SN1145-1BA01-0BA2

Industrial automation components

Manufacturer	Siemens
Catalog number	6sn1145-1ba01-0ba2
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	10.24 kgs
Product Type	Infeed/Regenerative Feedback Module
Power Rating	16/21 kW
Cooling Type	Internal Cooling
Contactor Type	Mains Contactor with Break Contact
Discontinuation Date	April 1, 2015

Description

The Siemens 6SN1145-1BA01-0BA2 is an infeed/regenerative feedback module designed for the SIMODRIVE 611 system, offering a power range of 16/21 kW. This stabilized module features internal cooling and includes a mains contactor with break contact, ensuring reliable performance and safety in industrial applications. Originating from Germany, it is engineered to meet rigorous industrial demands, providing robust and efficient operation in various complex applications. Although officially discontinued as of April 1, 2015, the 6SN1145-1BA01-0BA2 remains repairable, offering a cost-effective alternative to acquiring new equipment. Repair services are available to sustain the functionality and reliability of existing setups.
