

6SN1146-1BB02-0CA0

Industrial automation components

Manufacturer	Siemens
Catalog number	6sn1146-1bb02-0ca0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Infeed/Regenerative Feedback Module
Rated Power	36 kW
Rated Current	60.5 A
Cooling Type	External Cooling
Contactor Type	Line Contactor with NC Contact
Dimensions	200 mm x 250 mm x 300 mm
Weight	15.5 kg
Product Family	SIMODRIVE 611

Description

The Siemens 6SN1146-1BB02-0CA0 is a SIMODRIVE 611 infeed/regenerative feedback module designed for industrial automation applications. This module operates at a rated power of 36 kW and 60.5 A, providing efficient power management for various industrial processes. It features external cooling and includes a line contactor with a normally closed (NC) contact, ensuring reliable operation and protection. The module's dimensions are 200 mm in width and 250 mm in height, with a depth of 300 mm, and it weighs approximately 15.5 kg. This component is part of Siemens' SIMODRIVE series, known for their high performance and reliability in demanding industrial environments.
