Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	7150050
Product Type	Medical Imaging Component
Application Area	Radiology and Fluoroscopy
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 7150050 is a component associated with Siemens' medical imaging equipment, particularly within radiology and fluoroscopy rooms. This part is integral to systems such as the AXIOM-LUMINOS-TF and ICONOS R200, which are designed for advanced imaging procedures.

While specific technical specifications are not readily available, the 7150050 part plays a crucial role in the functionality and performance of these imaging systems. For detailed information, consulting Siemens' official documentation or contacting Siemens directly is recommended.
