Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	7ME3002-2BD03-0EA1
Product Type	Ultrasonic Flowmeter
Product Family	SITRANS S
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 7ME3002-2BD03-0EA1 is an ultrasonic flowmeter from the SITRANS S series, designed for precise flow measurement in industrial applications. This device utilizes ultrasonic technology to provide accurate and reliable flow data, making it suitable for various industries requiring non-intrusive flow measurement solutions.

Key features include a user-friendly interface for easy configuration and maintenance, robust construction for durability in demanding environments, and compatibility with Siemens' control systems for seamless integration.

The SITRANS S series is renowned for its high-performance standards and versatility, ensuring optimal performance across a wide range of applications.
