Manufacturer	Siemens
Catalog number	7sa5115-4ca52-1af0gf
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	7SA5115-4CA52-1AF0/GF
Product Type	Distance Protection Relay
Communication Interface	Isolated, hard-wired, integrated fiber optic
Fault Detection	Overcurrent, Voltage-controlled overcurrent, Ground fault

Description

The Siemens 7SA5115-4CA52-1AF0/GF is a high-performance distance protection relay designed for the protection of electrical lines in industrial settings. Part of Siemens' SIPROTEC 4 series, this relay offers advanced features such as overcurrent protection, voltage-controlled overcurrent fault detection, and ground fault detection.

It is suitable for both grounded and ungrounded systems, providing flexibility in various applications. The relay supports communication interfaces including isolated, hard-wired, and integrated fiber optic connections, facilitating seamless integration into existing protection schemes.

Its robust design ensures reliable operation in demanding environments, making it an ideal choice for enhancing the safety and reliability of electrical distribution networks.
