Ask about this product

Manufacturer	Siemens
Catalog number	7sj6322-5ea90-3fb0ee
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Multifunction Protection Relay
Measuring Inputs	3 x Voltage (3U), 4 x Current (4I)
Communication Protocols	IEC 61850, IEC 60870-5-103, PROFIBUS-FMS/DP, DNP 3.0, Modbus RTU
Display	Backlit Graphic Display
Programmable LEDs	14

Description

The Siemens SIPROTEC 7SJ6322-5EA90-3FB0/EE is a multifunctional protection relay designed for medium-voltage distribution feeders, transmission lines, and substations. Manufactured by Siemens, this device offers comprehensive protection, control, and monitoring functions to ensure the reliability and safety of electrical systems.

Key features include a backlit graphic display, 14 programmable LEDs, and a user-friendly interface with key switches and navigation keys. The relay supports various communication protocols, including IEC 61850, IEC 60870-5-103, PROFIBUS-FMS/DP, DNP 3.0, and Modbus RTU, facilitating seamless integration into diverse automation systems.

Its robust design ensures reliable operation in demanding industrial environments, making it a valuable component for enhancing the protection and automation of electrical networks.
