Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	A5E00282212/18
Product Type	Modulbus Expander
Product Family	Moore APACS Communications Modules
Application Area	Industrial Automation

Description

The Siemens A5E00282212/18, also known as the Moore A5E00282212/18 MBX - Modulbus Expander, is a component within the Moore APACS Communications Modules family. This module is designed to expand the capabilities of the Moore APACS system, facilitating enhanced communication and control within industrial automation setups.

While specific technical details are limited, the module's integration into the Moore APACS system indicates its role in supporting complex automation processes. For precise specifications and compatibility information, consulting the manufacturer's documentation or authorized distributors is recommended.
