Manufacturer	Siemens
Catalog number	ams-k356
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	AMS-K356
Product Type	Processor Module
Interfaces	ST506, V.24/V.28, Centronics, VGA
Compatibility	AMS-M35-KXXX series

Description

The Siemens AMS-K356 is a processor module designed for industrial automation applications, offering robust performance and reliability. This module is part of Siemens' SICOMP series, known for high-quality automation components.

The AMS-K356 features multiple interfaces, including ST506, V.24/V.28, Centronics, and VGA, facilitating versatile connectivity options. It is compatible with the AMS-M35-KXXX series, ensuring seamless integration within Siemens' automation systems.

This processor module is suitable for applications requiring efficient processing capabilities and reliable communication interfaces.
