Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Part Number	C79458-L8010-B32
Product Type	Supply Module
Product Family	Siemens Teleperm M\ME
Application Area	Industrial Automation

Description

The Siemens C79458-L8010-B32 EWK-X30 C79039-A800-E032-02-SA is a high-performance supply module designed for the Siemens Teleperm M\/ME automation system. This module ensures reliable power distribution and management within the system, contributing to the overall stability and efficiency of industrial automation processes.

It is compatible with various Siemens Teleperm M\/ME components, facilitating seamless integration and operation. The module is engineered for durability and longevity, making it a valuable asset for maintaining and enhancing automation systems in industrial settings.
