Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	HT245-10-V02-400
Product Type	Industrial Automation Component
Application Area	Industrial Automation Systems
Category	Podzespoły automatyki przemysłowej

Description

The Siemens HT245-10-V02-400 is a high-quality industrial automation component designed for seamless integration into various automation systems. Manufactured by Siemens, a leading provider of industrial automation solutions, this component ensures reliable performance and durability in demanding industrial environments.

Its precise engineering and robust construction make it suitable for applications requiring consistent and efficient operation. For detailed specifications and technical information, please refer to Siemens' official documentation and downloads portal.
