

MS100H

Industrial automation components

Manufacturer	Siemens
Catalog number	ms100h
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Signal Level	24 V
Voltage	24 V
Component Specifications	ms100h

Description

The MS100H is an advanced industrial component from SIEMENS, designed to operate at a voltage of 24V. It features a high signal level, ensuring reliability and precision in industrial applications. Its component specification, ms100h, guarantees compatibility with the demands of modern automation systems. This product is an ideal solution for applications requiring stable and efficient performance.
