Manufacturer	Siemens
Catalog number	smp-s401-a1-c8451-a1-a151-2
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Part Number	SMP-S401-A1 C8451-A1-A151-2
Product Type	SMP-BUS Backplane Module
Number of Slots	21 slots
System Compatibility	SICOMP SMP-BUS

Description

The Siemens SMP-S401-A1 C8451-A1-A151-2 is a high-quality SMP-BUS backplane module designed for industrial automation applications. Manufactured by Siemens, this module features 21 slots, providing ample connectivity for various automation components.

Its robust construction ensures reliable performance in demanding environments, making it suitable for applications requiring efficient and scalable automation solutions. The module's design facilitates easy integration with other Siemens components, ensuring seamless operation within the SMP-BUS system.

Its versatility and durability make it an excellent choice for enhancing automation systems in industrial settings.
