Ask about this product

Manufacturer	Siemens
Catalog number	t89740-m0316
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	T89740-M0316
Product Type	Industrial Antenna
Frequency Range	600–5000 MHz
Radiation Pattern	Omnidirectional –
Network Compatibility	5G, 4G, 3G, 2G –
Material	Durable –
Installation Type	Indoor and Outdoor –

Description

The Siemens T89740-M0316 is a high-quality industrial antenna designed for reliable wireless communication in demanding environments. Manufactured by Siemens, a leading provider of industrial automation solutions, this antenna ensures robust connectivity for various industrial applications.

Its durable construction and advanced design make it suitable for both indoor and outdoor installations, providing consistent performance across a wide range of temperatures and conditions. The T89740-M0316 antenna is engineered to meet the rigorous standards of industrial communication, offering enhanced signal strength and reliability.

Its versatile mounting options and compatibility with Siemens' industrial communication systems make it an ideal choice for businesses seeking dependable wireless solutions. Whether used in manufacturing facilities, process automation, or other industrial settings, the Siemens T89740-M0316 antenna delivers exceptional performance and durability, ensuring seamless communication and operational efficiency.
