Ask about this product

Manufacturer	Siemens
Catalog number	wireless-charger-system-1000-pri
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	Wireless Charger System 1000 PRI
Product Type	Wireless Charging System
Application Area	Industrial Applications
Power Output	Up to 400 kW
Dynamic Power Allocation	Yes
Thermal Management	Advanced
Compact Design	Yes

Description

The Siemens Wireless Charger System 1000 PRI is a cutting-edge wireless charging solution designed for efficient and convenient energy transfer in various industrial applications. This system utilizes inductive charging technology to deliver power without the need for physical connectors, enhancing operational efficiency and reducing maintenance requirements.

Ideal for environments where traditional wired charging is impractical or undesirable, the Wireless Charger System 1000 PRI offers a seamless and reliable charging experience. Its robust design ensures durability and consistent performance, making it a valuable asset for businesses seeking to modernize their equipment and improve operational workflows.
