Ask about this product

Manufacturer	Siemens
Catalog number	wpu-1000w-1ac-eu
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Input Voltage	120/230 V AC
Output Voltage	24/48 V DC
EMC Compliance	CISPR11 EN 55011, FCC CFR47 Part 15.B
Dimensions	280 x 192 x 60 mm
Weight	5.4 kg

Description

The Siemens WPU 1000W 1AC EU is a high-performance wireless power unit designed for industrial applications requiring efficient and reliable wireless charging solutions. This unit operates on a single-phase AC input and delivers a stable 24/48 V DC output, making it suitable for various industrial devices and machinery.

Key features include robust electromagnetic compatibility (EMC) standards, ensuring minimal interference with other equipment. The WPU 1000W 1AC EU is engineered for durability and consistent performance, even in demanding environments.

Its compact design allows for flexible installation options, and it is built to meet international safety and quality standards, providing peace of mind for industrial operations.
