

LF353P

Industrial automation components

Manufacturer	Texas Instruments
Catalog number	lf353p
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Voltage	3.5 V
Frequency	3
Component Specifications	lf353p
Signal Level	13 V

Description

IC: wzmacniacz operacyjny; 3MHz; 3,5÷18V; Ch: 2; DIP8; tuba
