

## TBEN-LG-16DIP

Industrial automation components

<b>Manufacturer</b>	Turck
<b>Catalog number</b>	tben-lg-16dip
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Interface Type</b>	ethernet
<b>Temperature</b>	69
<b>Product Type</b>	Module

### Description

The TBEN-LG-16DIP module from Turck, featuring an ethernet interface, is designed to operate at temperatures up to 69°C. Its robust construction and advanced communication features make it an ideal solution for demanding industrial applications, ensuring reliability and performance in harsh conditions.
