

VT250-57P-L7-DPM

Industrial automation components

Manufacturer	Turck
Catalog number	vt250-57p-l7-dpm
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Interface Type	rj45
Cable Specification	320 × 240
Component Specifications	vt250

Description

The VT250-57P-L7-DPM is an advanced component with a vt250 specification, designed for efficient communication in industrial environments. Featuring an RJ45 interface, it ensures reliable network connectivity. The cable specification of 320 × 240 guarantees high-quality data transmission, making it an ideal solution for applications requiring stability and performance.
