Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Napięcie zasilania	10 V
Signal Level	10 V
Channel Configuration	2
Product Type	Module
Signal Type	10

Description

The WAGO 750-467 is a 2-channel analog input module designed for the WAGO I/O System 750/753. It processes standard 0–10 VDC signals with single-ended input configuration. Each channel offers a 12-bit resolution, ensuring precise data acquisition.

The module operates over a temperature range of 0°C to 55°C and is housed in a compact DIN-rail mountable enclosure measuring 12 mm in width, 100 mm in height, and 69.8 mm in depth. It features a light gray polycarbonate and polyamide 6.6 housing, providing durability and resistance to environmental factors.

The module is equipped with 8 CAGE CLAMP® terminals for secure and reliable connections. It is suitable for applications requiring accurate analog signal processing within the specified voltage and temperature ranges.
