Manufacturer	Wago
Catalog number	750-625000-001
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Supply Voltage	24 VDC
Output Current	1 A
Typ montażu	DIN Rail
Ingress Protection Rating	IP20
Operating Temperature Range	0°C to 55°C
Certifications	ATEX, IECEx, UL

Description

The WAGO 750-625/000-001 is an intrinsically safe power supply module designed for the WAGO I/O System 750 series. Operating at 24 VDC, it provides a maximum output current of 1 A, ensuring reliable power distribution to connected modules.

The module features electronic monitoring that automatically disconnects the output voltage in case of short circuits or overloads, with reactivation occurring approximately ten seconds after fault clearance.

It is DIN rail mountable and has an ingress protection rating of IP20, suitable for environments with ambient temperatures ranging from 0°C to 55°C. The module is certified for use in hazardous areas, meeting standards such as ATEX, IECEx, and UL, making it ideal for applications requiring explosion protection.

For detailed specifications and installation guidelines, refer to the datasheet available on WAGO's official website.
