Ask about this product

Manufacturer	Wago
Catalog number	750-8206
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Programmable Field Controller
Processor	Cortex A8 600 MHz
Operating System	Real-time Linux
Programming Languages	IEC 61131-3 compliant (LD, FBD, ST)
Communication Ports	2 x Ethernet, RS-232, RS-485, CAN, CANopen, PROFIBUS
Dimensions	112 mm x 100 mm x 71.9 mm
Operating Temperature	0°C to 55°C
Storage Temperature	-25°C to 85°C

Description

The WAGO 750-8206 is a versatile Programmable Field Controller (PFC200) designed for industrial automation applications. It features dual Ethernet ports, RS-232 and RS-485 serial interfaces, CAN, CANopen, and PROFIBUS communication protocols, enabling seamless integration into diverse automation systems.

The controller operates on a real-time Linux operating system with a 600 MHz Cortex A8 CPU, supporting programming languages per IEC 61131-3, including Ladder Diagram (LD), Function Block Diagram (FBD), and Structured Text (ST).

Its compact design, measuring 112 mm in width, 100 mm in height, and 71.9 mm in depth, ensures efficient space utilization in control cabinets. The device is built to withstand harsh industrial environments, with an operating temperature range from 0°C to 55°C and a storage temperature range from -25°C to 85°C.
