Ask about this product

Manufacturer	Wago
Catalog number	750-8212000-100
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Programmable Field Controller
Brand	WAGO
Part Number	750-8212/000-100
Communication Protocols	BACnet/IP, Modbus TCP/UDP, Modbus RTU, RS-232, RS-485
Operating System	Linux with RT-Preempt patch
Programming Languages	CODESYS V3.5, e!COCKPIT
Module Capacity	Up to 250 modules per node
Housing Material	Polycarbonate
Protection Rating	IP20

Description

The WAGO 750-8212/000-100 is a second-generation Programmable Field Controller (PFC200) designed for industrial automation applications. This compact controller features two Ethernet interfaces and an integrated switch, facilitating flexible network configurations.

It supports various communication protocols, including BACnet/IP, Modbus TCP/UDP, Modbus RTU, RS-232, and RS-485, ensuring compatibility with a wide range of industrial devices. The device operates on a Linux-based system with real-time capabilities, programmable via CODESYS V3.5 or e!COCKPIT, and is capable of handling up to 250 modules per node.

Its robust design includes a polycarbonate housing with an IP20 protection rating, suitable for diverse industrial environments. The 750-8212/000-100 is ideal for applications in the processing industry, building automation, and machinery control, offering reliable and efficient control

solutions.
