Manufacturer	Wago
Catalog number	750-884000-008
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Wago
Part Number	750-884/000-008
Product Type	Programmable Fieldbus Controller
Supply Voltage	24 VDC
Operating Temperature	0°C to +55°C
Enclosure Rating	IP 20
Dimensions	51 x 65 x 100 mm
Real-Time Clock	Yes

Description

The WAGO 750-884/000-008 is a Programmable Fieldbus Controller designed for industrial automation applications. This controller features two switched RJ-45 ports, facilitating seamless network integration.

It operates on a 24 VDC supply voltage and is capable of withstanding operating temperatures ranging from 0°C to +55°C. The device is housed in an IP 20-rated enclosure, ensuring protection against dust and contact with hazardous parts.

Its compact dimensions of 51 x 65 x 100 mm make it suitable for installations with limited space. The controller is equipped with a real-time clock, enhancing time-dependent operations. For detailed technical specifications, refer to the official WAGO datasheet.
