

054-1BA00

Industrial automation components

Manufacturer	Yaskawa
Catalog number	054-1ba00
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

No technical specifications available.

Description

FM054 – Stepper motor module 1-channel with feedback . 4 inputs/outputs DC 24 V, which can be used as encoder inputs. Power control frequency 32 kHz. Step pattern 64 times microstepping
