

920-1BB10

Industrial automation components

| | |
|-----------------------|----------------------------------|
| Manufacturer | Yaskawa |
| Catalog number | 920-1bb10 |
| Category | Industrial automation components |
| Product type | Industrial automation components |
| Status | Legacy / discontinued |

Technical specification

| | |
|------------------------------|----------|
| Channel Configuration | 1 |
| Interface Type | profibus |
| Signal Type | 31 |
| Voltage | 9 - 31 V |
| Signal Level | 31 V |

Description

VIPA PROFIBUS-Repeater B1. Features: 1 segment and 31 devices per channel 9,6 Kbps .. 12 Mbps (automatic recognition) 1200 m segment length (depending on the baud rate)
Transparent for all PROFIBUS DP protocols No PROFIBUS address required
