

FS23638-30-07

Industrial automation components

Manufacturer	Yaskawa
Catalog number	fs23638-30-07
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Voltage	AC
Signal Level	230 V
Relay Specifications	230 VAC
Current	30 A
Component Specifications	fs23638
Signal Type	230

Description

EMC Line-Filter for CIMR-VCBA0012. EN61800-3 Class C1, 30 Amp
