

JAPMC-MC2300

Industrial automation components

Manufacturer	Yaskawa
Catalog number	japmc-mc2300
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Interface Type	ethernet
Signal Type	24
Signal Level	24 V
Component Specifications	mc2300
Product Type	Module

Description

The YASKAWA MC2300 module operates at a voltage of 24V and is designed for communication via Ethernet interface. Its component specification, mc2300, along with a signal type of 24, ensures high performance in industrial applications, enabling efficient process control.
