

JUSP-NS600

Industrial automation components

Manufacturer	Yaskawa
Catalog number	jusp-ns600
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Signal Type	24
Component Specifications	ns600
Signal Level	24 V

Description

The JUSP-NS600 is an advanced YASKAWA component designed to operate at a voltage of 24V. It features a ns600 specification and a signal type of 24, ensuring stable and reliable performance in various industrial applications. With a signal level of 24, it guarantees high-quality data transmission, making it an ideal solution for demanding environments.
